

Brac Bits

A PUBLICATION OF CARIB SANDS BEACH RESORT VACATION RENTALS

Construction of Carib Sands Beach Resort Phase 3 building was finished in 2010, completing the resort complex.

Phase 3 is located on the east side of the freshwater pool and adds privacy to the pool area. Phase 3 has a mix of beach-front 1 bedroom, 2 bedroom and 3 bedroom units.

The new condos feature built-in dishwashers and in-unit clothes washers and dryers for added convenience.

The Brac is now "better than ever", having completely recovered from November, 2008's Hurricane Paloma.

When we departed the Brac at the end of March, the resurfacing of the Southside road had progressed to Ashton Reid Drive. Now, with both the north and south side roads having a new coat of asphalt, bike riding on the Brac is a pleasure.

Carib Sands offers on-site bicycle rentals of either multi-speed mountain bikes or for more relaxed touring - retro-looking "beach cruisers"

Summer is a great time on the Brac for divers as the winds are light and the seas calm - making for near-perfect diving conditions.

To get the most out of your Cayman Brac vacation a rental car is recommended. There are several rental car companies on our little island. We have an agreement with CB Rent-a-Car that gives Carib Sands guests a 10% discount off the published car rental rates. Just mention that you are a Carib Sands guest when you reserve the car to get the discount.

With a resident population of about 1,200 souls Cayman Brac is a safe, friendly, laid-back island ~ far from the hustle and bustle of the outside world - including Grand Cayman!

The Brac does feel like a quiet backwater, out of the main stream, however it is large enough to have most amenities that most of us find it hard to go without.

There are several grocery stores, liquor stores, post offices, a bank as well as a number of restaurants ranging jerk chicken take-out windows, to small places serving local fare and to more upscale restaurants with wine lists and a much broader menu selection.

The Brac is a special place offering the best of both worlds - a relaxing getaway with friendly people, great snorkelling and diving, as well as a variety of other activities; with all the modern conveniences of home.

I'm sure your Brac vacation will be special!

Accommodation and Dive Packages

Carib Sands Beach Resort has some great package prices for the balance of 2012 and going forward into the spring of 2013.

The packages include the following:

- *Seven nights accommodations in a deluxe, ocean view one or two bedroom condominium;*
- *Six days of 2-tank AM diving;*
- *Airport transfers;*
- *Cayman Islands occupancy tax.*

Quad Occupancy in a 2-BR condo \$ 925

Double Occupancy in a 1-BR condo \$ 1,125

**RATES ARE PER PERSON IN USD
and subject to change without notice**

*Custom packages are available upon request, so if you want to maximize your time underwater 3-tank dive rates are available, or if you prefer to spend more leisure time out of the water, exploring the Brac - or just chilling out - 3, 4 or 5-day dive packages are also available. **Contact us for rates.***

Groups

If you have a group of 10 or more divers please contact us for special group pricing.

We welcome inquiries from dive shops and travel agents!
